## Balegrab for 9

*Easy to handle bale size 30 – 60 kg.*

*Suitable for small animal husbandry.*

*Made in 2 different sizes.*

**Bale grab for 9 bales - the ideal solution where efficient handling of easy-to-handle 15 - 50 kilo mini bales is required.**

**Bale grab for 9 bales is attractive for small-scale animal husbandry where the daily feed consumption is under 30 to 60 kilo and where outdoor storage may be desirable.**

**The bale grab is switch-controlled from the tractor - continuously variable setting option for grab from 400 to 2000 mm.**

**Gentle loading and unloading of mini bales.**

Made in Denmark
