Wrap 200

Efficient – Versatile – Automatic

Wrap 200 is a simple and efficient solution for fast and safe bale wrapping. The machine is easily operated via remote control and requires minimal handling. With the smart gripper function, a new bale can be loaded while the wrapped bale is removed, ensuring a smooth workflow, automatic film feed, and high working efficiency

Advantages

User-friendly

Efficiency

Minimal handling

Perfect for the modern farmer

Fully automatic

With Wrap 200 and our intuitive remote control, you manage the wrapping quickly, easily, and efficiently – directly from the tractor.

Film size

750*0,025*1500
750*0,021*1900
730*0,019*2000/2600

Efficiency

You get a versatile and robust wrapper that combines high operational reliability with ease of use.

Length	4,8 m
Length without drawbar	4,05 m
Width	2,5 m
Height	2,35 m
Weight	800 kg
Motor	Hatz 5 KW
Tire	10/75 * 15,3/10
Capacity	Wrapper 30 rpm. /min
